

April 12, 1973

would be returned to Select File. The way I understand the Clerk is he would like to, if that's the wish of the body, to return all the bills that we have motions on to Select File and then go through Select File the way we always do. Does that agree with you, Senator Clark?

SENATOR CLARK: Fine, you bet. I agree with you, oh Master.

SPEAKER: Well, the Clerk now tells me that the only other motion we have, the bill is already on Select File, so let's go ahead now, Senator Clark. Sorry about that.

SENATOR CLARK: Thank you, Master. I would move for the adoption of the amendments.

SPEAKER: Senator, you've already explained that, haven't you?

SENATOR CLARK: Yes.

SPEAKER: Is there any--Senator Savage?

SENATOR SAVAGE: There's a motion on the Clerk's desk.

SPEAKER: We've jumped around here a little bit, Senator, we're on LB 36. We'll come back to you. Is there any further discussion on the adoption of the amendment? All those in favor of adopting the amendment as explained by Senator Clark vote aye, those opposed vote no. Clerk will record.

CLERK: 26 ayes, Mr. President, on a motion to adopt.

SPEAKER: The amendment's adopted. Now, Senator Clark, what will you do with the bill?

SENATOR CLARK: I would move the bill to E & R engrossing.

SPEAKER: Any discussion? You ready for the question? Question is, shall the bill be re-advanced? All those in favor say aye, those opposed, those opposed no. The bill is re-advanced.

CLERK: All right, now, Mr. President, we have a request to unbracket LB 121 which is on Select File. The bill was previously considered on Select File, the E & R amendments were adopted, the bill was then bracketed by Senator Stahmer pending some amendments. We now have those amendments. He's asking unanimous consent to unbracket the bill and consider it at this time.

SPEAKER: Any objection to that procedure? If not, so ordered. Senator Stahmer.

SENATOR STAHMER: Mr. President, members of the body, this is a bill to, more or less a house, or the amendment is a housecleaning amendment that was brought to me after the close of the introduction of bills but there was a bill Senator Marvel had, namely LB 121, dealing with the arts council and I asked his permission if it were all right to put this amendment on and he said it certainly was because in the current makeup of the arts council, they have a rather strange arrangement and, whereby, if you pay \$5.00 you can become a member and if you live in a certain region then you automatically go on the board and in essence you elect yourself and I think they've had some problems in certain areas with people just paying \$5.00 who don't have any knowledge or caring much about the arts who end up on their board and we are the only state with such a kind of a mickey mouse arrangement and the people on the arts council and concern in that area wanted us to adopt regulations
